

## Parents' Committee

I am delighted to be elected as the PC President and I look forward to seeing the Parents Committee (PC) along with the school community continue to work as a team, to create a lovely environment for our children. I have two children in the French Binational Program (Grade 4 and Prep). Thank you and welcome to all of the new and returning PC members and volunteers who help make our events happen, to build our school community. I would especially like to thank the outgoing PC President Lori Silver for her hard work over the last 2 difficult years. This year, we warmly welcome Rachael Hart as Secretary to the PC executive. If you would like to join the PC, participate in any way or make an event happen – please get in touch via your Class Convenor – or just come and say “Bonjour” if you see me at school or in the streets of North Caulfield. - Amy Pate

**What is the Parents' Committee?** The Parents' Committee gives parents an opportunity to work with the school and its community to support the school and our children's learning, we build community connections and enjoy the process along the way.

**What do we do?** We run regular and special events at school including Mother's and Father's Day stalls, second hand uniform shop and Friday treats. This year we hope to bring back some popular events. We also raise funds to support additional school resources such as a kiln, water tanks and the works to the front of the school.
