How can you help your child be ready for school?

- **Be positive!**
- **Develop a morning routine that is organised and timely.**
- **Promote independence - including going to the toilet.**
- **Read lots of stories - in multiple languages.**
- **Practise writing your child's name with them.**
- **Practise packing up and putting toys away.**
- **Play games – it's ok if they lose!**
- **Have little snacks – show them how to unwrap packets etc**
- **Development of oral language – explain things, tell them what's happening at home, during the day, introduce many languages.**

Please read to your child every night. This will not only assist in their learning but will also nurture an interest in print. It is also a special time to bond with them and an excellent way to promote the minority language.
