Caulfield Junior College is a unique school that values the rich cultural diversity of our community.

In this fast evolving world of digital technology and globalisation, the notion of multiculturalism becomes a key that unlocks the true potential of the young minds and broadens their horizons.

Our students are the thinkers and leaders of tomorrow; our goal is to prepare them academically and socially for their secondary education and beyond, and provide them with tools that exceed the limits of the traditional curriculum.

Curriculum

At Caulfield Junior College, we offer two streams:

The Victorian Curriculum

Our school caters for our local community through the delivery of the Victorian Curriculum.

The French Binational Program

Our school is accredited to teach the French Curriculum alongside the Victorian Curriculum.

Students enrolled in the French Binational Program receive instructions from the two Curricula on alternating days.

Extra-curricular Activities

A wide range of extra-curricular activities are also offered to our students .
